About Claranova:

Claranova is an international technology group operating in three distinct markets: Internet, mobility and IoT. In recent years, it has stood out for its command of major technological issues and its ability to systematically make each of its businesses a resounding success. Boosted by these achievements, for the past four years Claranova has enjoyed an average annual growth trajectory of +30% while improving its profitability, both through organic and external growth. Claranova reports annual revenue of €262 million (FY 2018-2019), with operating profitability of 6.1%.
